

ACCOMODATION

There are many hotels, Airbnbs and other kinds of accommodation available in the Naples City area for booking. The conference area is in the waterfront area but you can also opt to find an accommodation in the area of via Chiaia, via Toledo, or downtown in the city center.

The list below contains a limited number of accommodations whose rates are approximate and can be subject to change. They only serve to give a rough figure of the price range. Note that April is high season therefore hotels fill up quickly.
